About Me

CAROL COTTRELL

Hi. I'm an intuitive medium -- also referred to as a psychic medium. I've had the honor of giving thousands of readings, based in evidence and messages, to provide healing, love, and guidance to people across the globe.

I began my journey to develop my abilities in 2011 and spent the first several years learning from some of the world's most respected mediums and mentors. (Lisa Williams, Tony Stockwell and Mavis Pittilla)

Currently, with a waitlist of more than 3,000, I offer private, one-on-one, and group readings in my Charleston, South Carolina and New York offices - and via Zoom.

I also demonstrate mediumship for audiences throughout the world. One of my greatest honors came in 2020 when I was invited to offer a large-scale demonstration to soldiers and their families across the globe through the United States Military's USO.

My efforts to share the reality of mediumship lives in my work as a speaker, teacher and mentor. In 2015, I created my internationally-recognized course, Awaken Your Ability. The interest in that course led to the creation of Expanding Your Ability, my multi-level courses for deeper development. I offer one-on-one mentorships for those ready for more personalized developmental strategies, and my Nurturing Our Connections Retreats provide a safe and supportive experience for participants to connect deeply with their own soul's passion and purpose.

current private reading waitlist: **3,000+**

FUN FACTS:

Psychic and Medium are not the same thing.

Invite me to chat, and I'll tell you all about it.

I don't "see" dead people everywhere I go.

If you know how to use your tools, you can turn them on and off.

My trauma was my blessing

Curious? It's a story so many people connect with.

I worked in corporate marketing until I gave in to my purpose at 40.

An inspirational story for those searching for greater meaning in life.

Communicating with pets in the spirit world is one of my favorite things.

Yep, they're just as easy to communicate with as humans.

RANDOM FACT

Another of my favorite things... playing hockey. Yes, ICE hockey.

Been doing it since I was 12.
